

When we dance - Sting

Mi

If he loved you

Like I love you

Do#m

I would walk away in shame

Mi

I'd move town I'd change my name

Mi

When he watches you

When he counts to buy your soul

Do#m

On your hand his golden rings

Mi

Like he owns a bird that sings

Si

La

Mi

When we dance, angels will run and hide their wings

Mi

The priest has said my soul's salvation

Is in the balance of the angels

Do#m

And underneath the wheels of passion

Mi

I keep the faith in my fashion

Re

When we dance, angels will run and hide their wings

"I would love you more than life, If you'll only be my wife
I'm gonna love you night and day, I'm gonna try in every way
I'm gonna find a place to live, give you all I've got to give
I would love you more than life, If you'll only be my wife"

If I could break down these walls and shout my name at heaven's gate

Fa#sus4 Fa# Do#

I'd take these hands and I'd destroy the dark machineries of fate

Fa#sus4 Fa#

Cathedrals are broken

La

Heaven's no longer above

And hellfire's a promise away

I'd still be saying

Mi

Do#m, La; Mi, Do#

I'm still in love

Fa#

He won't love you

Like I love you

Re#m

He won't care for you this way

Fa#

He'll mistreat you if you stay

Fa#

Come and live with me
We'll have children of our own
Re#m
I would love you more than life
Fa#
If you'll come and be my wife
