

Harry Styles - Coming up roses

Dom7
Tell me your fears
Fa
I've turned back the clocks, it's that time of year
Sib
If we stay the course we could get it right
Mib7+
But I'm not devoid of an appetite
Dom7 Fa
And everything seems to be comin' up roses
Sib
But I'm scared if we're both right
Mib7+
Does that mean we're not aligned?

Dom7
Just for tonight, let's go hangover chasing
Fa7
And I'll talk your ear off about why it's safe
Sib
As I fumble my words and fall flat on my face
Mib7+ Mib/Re
through the truth
Dom7
Just say the word and we'll take up the test
Fa7
Where we flirt with the bad ones and skip all the rest
Sib
But we see out the night with your head on my chest
Mib7+ Mib/Re
me and you

Dom7 Fa7
There's only me and you
Dom7 Fa7
Now I see your tears on account of my wants
Sib
And now it appears that I'm feeling guilty and worried, dear
Mib7+
That you think that I might not want you here
Dom7 Fa7
Does all of this seem to be bringing us closer
Sib
Or am I back seating you your life?
Mib7+
Judging while you drive

Dom7
Just for tonight, let's go hangover chasing
Fa7
And I'll talk your ear off about why it's safe
Sib
As I fumble my words and fall flat on my face
Mib7+ Mib/Re
