Taylor Swift - Afterglow

```
Sol
I blew things out of proportion, now you're blue
Do
Put you in jail for something you didn't do
Sol
I pinned your hands behind your back, oh
Do
Thought I had reason to attack, but no

Sol
Fighting with a true love is boxing with no gloves
Do
Chemistry 'til it blows up, 'til there's no us
Re                          Mim
Why'd I have to break what I love so much?
Re                     Do
It's on your face, and I'm to blame, I need to say

Sol             Re          Lam
Hey, it's all me, in my head
Do                          Sol
I'm the one who burned us down
         Re          Lam
But it's not what I meant
Do
Sorry that I hurt you
Sol                                          Re
I don't wanna do, I don't wanna do this to you (Ooh)
Lam                                            Do
I don't wanna lose, I don't wanna lose this with you (Ooh)
               Sol             Re              Lam
I need to say, hey, it's all me, just don't go
Do
Meet me in the afterglow

Sol
It's so excruciating to see you low
Do
Just wanna lift you up and not let you go
Sol
This ultraviolet morning light below
Do
Tells me this love is worth the fight, oh

Sol
I lived like an island, punished you with silence
Do
Went off like sirens, just crying
Re                          Mim
Why'd I have to break what I love so much?
Re                  Do
It's on your face, don't walk away, I need to say

Sol             Re          Lam
Hey, it's all me, in my head
Do                          Sol
I'm the one who burned us down
         Re          Lam
But it's not what I meant
    Do
I'm sorry that I hurt you
Sol                                          Re
I don't wanna do, I don't wanna do this to you (Ooh)
Lam                                            Do
I don't wanna lose, I don't wanna lose this with you (Ooh)

Do
Meet me in the afterglow

Sol
Tell me that you're still mine
Re
Tell me that we'll be just fine
Lam
Even when I lose my mind, I need to say
Sol
Tell me that it's not my fault
Re
Tell me that I'm all you want
Lam
Even when I break your heart, I need to say

Sol             Re          Lam
Hey, it's all me, in my head

Meet me in the afterglow
