Taylor Swift - Back to December

```
Do  Lam  Fa  2v

Do
   I'm so glad you made time to see me
Lam
   How's life, tell me, how's your family
Fa                            Do   Sol
   I haven't seen them in a while
Do
   You've been good, busier than ever
Lam
   We small talk, work and the weather
Fa                                 Do  Sol
   Your guard is up and I know why

Lam                     Sol
Because the last time  you saw me
         Do                            Fa
Is still burned in the back of your mind
            Lam          Sol                    Fa
You gave me roses and I left them there to die

   Do                                              Mim
So this is me swallowing my pride, standing in front of you
                           Fa
Saying I'm sorry for that night
         Do                 Sol
And I go back to December all the time
   Do
It turns out freedom ain't nothing but missing you
Mim                                  Fa
Wishing I'd realized what I had when you were mine
     Do                  Sol                         Fa
I go back to December, turn around and make it alright
     Lam               Sol
I go back to December all the time

Do  Lam  Fa  2v

Do
  These days I haven't been sleeping
Lam
Staying up, playing back myself leaving
Fa                                          Do   Sol
  When your birthday passed and I didn't call
       Do
Then I think about summer, all the beautiful times
  Lam
I watched you laughing from the passenger side
    Fa                                Do   Sol
And   realized I loved you in the fall

Lam                         Sol
   And then the cold came, the dark days
     Do                  Fa
When fear crept into my mind
            Lam
You gave me all your love
          Sol            Fa
and all I gave you was   goodbye

   Do                                              Mim
So this is me swallowing my pride, standing in front of you
                           Fa
Saying I'm sorry for that night
```

```
         Do                  Sol
And I go back to December all the time
   Do
It turns out freedom ain't nothing but missing you
Mim                                  Fa
Wishing I'd realized what I had when you were mine
     Do                  Sol                          Fa
I go back to December, turn around and change my own mind
     Lam                 Sol
I go back to December all the time

Do  Lam  Fa  2v

             Lam                Fa
I miss your tan skin and your sweet smile
   Do              Sol
So good to me, so right
             Lam              Fa                    Do
And how you held me in your arms that September night
                   Sol            Lam
The first time you ever saw me cry

Maybe this is wishful thinking
Fa
   Probably mindless dreaming
Do                                                Sol
  But if we loved again, I swear I'd love you right

       Lam                 Sol               Fa
I'd go back in time and change it, but I can't
          Lam                Sol          Fa
So if the chain is on your door, I understand

    Do                                                Mim
But this is me swallowing my pride, standing in front of you
                           Fa
Saying I'm sorry for that night
         Do             Sol
And I go back to December
   Do
It turns out freedom ain't nothing but missing you
Mim                                  Fa
Wishing I'd realized what I had when you were mine
     Do                  Sol                        Fa
I go back to December, turn around and make it alright
     Lam                 Sol                          Fa
I go back to December, turn around and change my own mind
     Lam                 Sol
I go back to December all the time

Do    Lam  Fa           Do     Lam  Fa
            All the time
```
