Taylor Swift - Christmas must be something more

```
Sol  Re  Mim  Do  x2

Sol                   Re
What if ribbons and bows didn't mean a thing
Mim                       Do
Would the song still survive without 5 golden rings
Sol                     Re
Would you still wanna kiss without mistletoe
Mim                    Do
What would happen if God never let it snow
Re                     Sol
What would happen if Christmas Carols told a lie
Mim                       Do
Tell me, what would you find

      Sol                     Re
You'd see that today holds something special
Mim               Do
Something holy, not superficial
   Sol                        Re                Mim  Do
So here's to the birthday boy who saved our lives
     Sol                     Re
It's something we all try to ignore
    Mim               Do
And put a wreath up on your door
   Sol                             Re                Mim Do
So here's something you should know that is for sure
Do                 Re         Sol
Christmas must be something more

(Sol) Re  Mim  Do

Sol                   Re
What if angels did not pay attention to
Mim                       Do
All the things that we wish they would always do
Sol                    Re
What if happiness came in a cardboard box
Mim                      Do
Then I'd think there is something we all forgot
Re                     Do
What would happen if presents all went away
Mim                       Do
Tell me, what would you find

      Sol                     Re
You'd see that today holds something special
Mim               Do
Something holy, not superficial
   Sol                        Re                Mim  Do
So here's to the birthday boy who saved our lives
     Sol                     Re
It's something we all try to ignore
    Mim               Do
And put a wreath up on your door
   Sol                             Re                Mim Do
So here's something you should know that is for sure
Do                 Re         Sol     Re
Christmas must be something more

       Mim
We get so caught up in all of it
Do
Business and relationships

Sol                 Re
100 mile an hour lives
              Mim
And it's this time of year
         Do
And everybody's here
             Sol                   Re
It seems the last thing on your mind

Sol                     Re
Is that the day holds something special
Mim               Do
Something holy, not superficial
   Sol                Re                   Mim  Do
So here's to Jesus Christ who saved our lives
     Sol                    Re
It's something we all try to ignore
    Mim               Do
And put a wreath up on your door
    Sol                            Re                Mim Do
But here's something you should know that is for sure
Do                  Re
Christmas must be something
Do                  Re
Christmas must be something
Do                  Re         Sol    Re
Christmas must be something more
                Mim     Do
There's gotta be more
                  Sol  Re  Mim  Do   Sol
There's gotta be more
