Taylor Swift - Clean

```
Mi    Si    Do#m   La 2v

Mi       Si                        Do#m   La
  The drought was the very worst
Mi            Si                 Do#m          La
  When the flowers that we'd grown together died of thirst
Mi          Si                             Do#m   La
  It was months, and months of back and forth
Mi                  Si               Do#m                          La
  You're still all over me like a wine-stained dress I can't wear anymore

 Si                  La                       Si                       La
Hung my head, as I lost the war, and sky turned to black like a perfect storm

 Mi          Si      Do#m
Rain came pouring down when I was drowning
  La                           Mi
That's when I could finally breathe
        Si        Do#m                        La                        Mi
And by morning, gone was any trace of you, I think I am finally clean

Mi            Si                  Do#m   La
  There was nothing left to do
Mi           Si                       Do#m               La
  When the butterflies turned to dust that covered my whole room
Mi        Si                          Do#m   La
  So I punched a hole in the roof
Mi            Si          Do#m           La
  Let the flood carry away all my pictures of you

     Si                La                   Si               La
The water filled my lungs, I screamed so loud but no one heard a thing

 Mi          Si      Do#m
Rain came pouring down when I was drowning
  La                           Mi
That's when I could finally breathe
        Si        Do#m                        La                        Mi
And by morning, gone was any trace of you, I think I am finally clean
Si                      Do#m     La
I think I am finally clean
Mi      Si                        Do#m   La
  Said I think I am finally clean

Mi
10 months sober, I must admit
La
Just because you're clean don't mean you don't miss it
Mi
10 months older, I won't give in
La
Now that I'm clean I'm never gonna risk it
Mi        Si                        Do#m   La
  The drought was the very worst
Mi            Si                  Do#m           La
  When the flowers that we'd grown together died of thirst

 Mi          Si      Do#m
Rain came pouring down when I was drowning
  La                           Mi
That's when I could finally breathe
        Si        Do#m                        La
And by morning, gone was any trace of you, I think I am finally clean
