Taylor Swift - Daylight

```
               Do            Rem       Fa
My love was as cruel as the cities I lived in
Do        Rem                  Fa
Everyone looked worse in the light
                  Do               Rem           Fa
There are so many lines that I've crossed unforgiven
     Do            Rem                  Fa
I'll tell you the truth but never goodbye

Do                                                Sol
I don't wanna look at anything else now that I saw you
Rem                                                Fa
I don't wanna think of anything else now that I thought of you
Do                                          Sol
  I've been sleeping so long in a 20-year dark night
              Rem                   Fa
And now I see daylight, I only see daylight

                 Do         Rem          Fa
The luck of the draw only draws the unlucky
    Do      Rem                     Fa
And so I became the butt of the joke
              Do          Rem          Fa
I wounded the good and I trusted the wicked
Do            Rem                Fa
Clearing the air, I breathed in the smoke

Do
  Maybe you ran with the wolves and refused to settle down
Sol
  Maybe I've stormed out of every single room in this town
Rem
   Threw out our cloaks and our daggers because it's morning now
Fa
  It's brighter now, now

Do                                                Sol
I don't wanna look at anything else now that I saw you

(I can never look away)
Rem                                                Fa
I don't wanna think of anything else now that I thought of you

(Things will never be the same)
Do                                          Sol
  I've been sleeping so long in a 20-year dark night

(Now I'm wide awake)
              Rem                                Fa
And now I see daylight (daylight), I only see daylight (daylight)
           Do                                   Sol
I only see daylight, daylight, daylight, daylight
           Rem                                  Fa
I only see daylight, daylight, daylight, daylight

Do                                    Sol
  And I can still see it all (in my mind)
                                Rem
All of you, all of me (intertwined)
                                           Fa
I once believed love would be (black and white), but it's golden (golden)

Do                                    Sol
  And I can still see it all (in my head)

```
                                                  Rem
Back and forth from New York (sneaking in your bed)
                                             Fa
I once believed love would be (burning red), but it's golden
     Do                  Sol
Like daylight, like daylight
     Rem        Fa
Like daylight, daylight

Do                                                 Sol
I don't wanna look at anything else now that I saw you

(I can never look away)
    Rem                                                  Fa
And I don't wanna think of anything else now that I thought of you

(Things will never be the same)
Do                                          Sol
  I've been sleeping so long in a 20-year dark night

(Now I'm wide awake)
              Rem                                        Fa
And now I see daylight (I see daylight), I only see daylight (ah-ah ah-ah)
           Do                                    Sol
I only see daylight, daylight, daylight, daylight
           Rem                                   Fa
I only see daylight, daylight, daylight, daylight (ah ah-ah ah-ahh)
           Do                                    Sol
I only see daylight, daylight, daylight, daylight
           Rem                                   Fa
I only see daylight, daylight, daylight, daylight (ah ah-ah ah-ahh)

Do          Sol          Rem          Fa
  Like daylight, it's golden like daylight
          Do                                     Sol
You gotta step into the daylight and let it go
             Rem         Fa
Just let it go, let it go
Do  Sol  Rem
         I wanna be defined by the things that I love
Fa
  Not the things I hate
                         Do
Not the things that I'm afraid of, I'm afraid of
                   Sol
Not the things that haunt me in the middle of the night
  Rem
I, I just think that
Fa
  You are what you love
Do  Sol  Rem  Fa
Do  Sol
```
