Taylor Swift - Forever and always

```
Re#9          Sib             Fa
Once upon a time, I believe it was a Tuesday
       Re#9                      Sib            Fa
When I caught your eye, we caught onto something
         Re#9            Sib               Fa
I hold onto the night, you looked me in the eye
            Re#9    Fa
And told me you loved me, were you just kidding?

          Re#9          Sib                Fa
'Cause it seems to me this thing is breaking down
          Re#9                      Sib         Fa
We almost never speak, I don't feel welcome anymore
          Re#9
Baby what happened
                         Sib
Please tell me cause one second it was perfect
           Fa
Now you're halfway out the door

             Re#9                  Sib
And I stare at the phone, he still hasn't called
              Fa                          Solm7
And then you feel so low you can't feel, nothing at all
        Re#9            Sib                  Fa
And you flashback to when he said forever and always

           Re#9                 Sib
Oh, and it rains in your bedroom, everything is wrong
   Fa                               Solm7
It rains when you're here and it rains when you're gone
       Re#9           Sib                   Fa
'Cause I was there when you said forever and always

      Re#9                  Sib                Fa
Was I out of line? Did I say something way to honest?
         Re#9               Sib            Fa
Made you run and hide like a scared little boy
           Re#9                   Sib             Fa
I looked into your eyes, thought I knew you for a minute
        Re#9 Fa
Now I'm not so sure

             Re#9    (Sib)            (Fa)
So here's to everything coming down to nothing
          Re#9       Sib             Fa
Here's to silence that cuts me to the core
              Re#9
Where is this going?
          Sib         Fa            Re#9   Fa
Thought I knew for a minute but I don't anymore

             Re#9                  Sib
And I stare at the phone, he still hasn't called
              Fa                          Solm7
And then you feel so low you can't feel, nothing at all
        Re#9            Sib                  Fa
And you flashback to when he said forever and always

           Re#9                 Sib
Oh, and it rains in your bedroom, everything is wrong
   Fa                               Solm7
It rains when you're here and it rains when you're gone
       Re#9           Sib                   Fa
'Cause I was there when you said forever and always
