Drops Of Jupiter - *Train*

```
Do Sol Fa Fa

      Do
Now that she's back in the atmosphere
       Sol                                    Fa
With drops of Jupiter in her hair, hey, hey, hey, hey
     Do
She acts like summer and walks like rain
   Sol                                          Fa
Reminds me that there's time to change, hey, hey, hey, hey
  Do
Since the return from her stay on the moon
      Sol                                                  Fa
She listens like spring and she talks like June, hey, hey, hey, hey
Hey, hey, hey, hey

Sol                                  Re
Tell me did you sail across the sun
                                  Fa
Did you make it to the Milky Way to see the lights all faded
Do
  And that heaven is overrated
Sol                                        Re
Tell me, did you fall from a shooting star
                            Rem
One without a permanent scar
                                     Fa
And did you miss me while you were looking for yourself out there

Do Sol Fa Fa

      Do
Now that she's back from that soul vacation
Sol                                           Fa
Tracing her way through the constellation, hey, hey, hey
      Do
She checks out Mozart while she does tae-bo
   Sol                                       Fa
Reminds me that there's room to grow, hey, hey, hey, hey
      Do
Now that she's back in the atmosphere
       Sol                                    Fa
I'm afraid that she might think of me as plain ol' Jane

Told a story about a man who is too afraid to fly so he never did land

Sol                                        Re
Tell me did the wind sweep you off your feet
                                    Fa
Did you finally get the chance to dance along the light of day
Do
  And head back to the Milky Way
    Sol                                Re
And tell me, did Venus blow your mind
                                  Rem
Was it everything you wanted to find
                                    Fa
And did you miss me while you were looking for yourself out there

Do Sol Fa Fa

                    Do
Can you imagine no love, pride, deep-fried chicken

     Sol                              Fa
Your best friend always sticking up for you, even when I know you're wrong
                    Do                                    Sol
Can you imagine no first dance, freeze dried romance five-hour phone
conversation
    Sib                                    Fa
The best soy latte that you ever had, and me

Sol                                        Re
Tell me did the wind sweep you off your feet
                                    Fa
Did you finally get the chance to dance along the light of day
Do
  And head back toward the Milky Way
Sol                                Re
Tell me did you sail across the sun
                                Fa
Did you make it to the Milky Way to see the lights all faded
Do
  And that heaven is overrated
Sol                                      Re
Tell me, did you fall from a shooting star
                           Rem
One without a permanent scar
                                      Fa
And did you miss me while you were looking for yourself

Do
Na na na na na na
Sol                  Fa
Na na na na na na na-na-na-na

And did you finally get the chance to dance along the light of day
Do
Na na na na na na
Sol
Na na na na na na
             Fa
             (na-na-na-na)
And did you fall from a shooting star, fall from a shooting star
Do
Na na na na na na
Sol
Na na na na na na
           Sib                              Fa
And are ya lonely looking for yourself out there
