U2 - Stay faraway so close

```
Re#   Fa7    Sol#   Re#
      Re#            Fa7
Green light, Seven-Eleven
         Sol#       Re#
You stop in for a pack of cigarettes
          Re#                Fa7
You don't smoke, don't even want to
Sol#                  Re#
Hey now, check your change
        Re#        Fa7
Dressed up like a car crash
     Sol#                              Re#
Your wheels are turnin' but you're upside down
Fam                                    Re#
 You say when he hits you, you don't mind
Fam                                    Re#
 Because when he hurts you, you feel alive
Fa7     Sol#              Re#
Oh, is that what it is?
    Re#           Fa7
Red lights, grey morning
    Sol#               Re#
You stumble out of a hole in the ground
  Re#           Fa7
A vampire or a victim?
     Sol#                    Re#
It depends on who's around
            Re#                    Fa7
You used to stay in to watch the adverts
          Sol#                Re#
You could lip-synch to the talk shows
Fam
 And if you look, you look through me
Solm
 And when you talk, you talk at me
Sol#                                 La#
 And when I touch you, you don't feel a thing
           Fam                                    Re#
If I could stay then the night would give you up
Fam                                Re#
Stay and the day would keep its trust
Fam            Sol#              Re#
Stay and the night would be enough
    Re#      Fa7
Faraway, so close
            Sol#             Re#
Up with the static and the radio
          Re#         Fa7
With satellite television
           Sol#       Re#
you can go anywhere
  Re#         Fa7     Sol#                Re#
Miami, New Orleans, London, Belfast and Berlin
Fam
 And if you listen I can't call
Solm                                  Sol#
 And if you jump you just might fall
                              La#
And if you shout I'll only hear you
           Fam                                    Re#
If I could stay then the night would give you up
Fam                                  Re#
Stay then the day would keep its trust
Fam             Solm
Stay with the demons you drowned
```

```
Sol#            La#
Stay with the spirit I found
Fam             Sol#             Re#
Stay and the night would be enough
     Re#       Fa7       Sol#       Re#
Wo-o-oo-oo-oo-oo, Wo-o-oo-oo-oo-oo
     Re#       Fa7       Sol#       Re#
Wo-o-oo-oo-oo-oo, Wo-o-oo-oo-oo-oo
    Re#           Fa7
3 o'clock in the morning
     Sol#               Re#
It's quiet and there's no one around
         Re#           Fa7
Just the bang and the clatter
      Sol#             Re#
As an angel runs to ground
         Re#           Fa7
Just the bang and the clatter
      Sol#                   Re#
As an angel hits the ground
