U2 – Stuck in a moment you can't get out of

```
Mi   La   Si  Do#m    La  Mi

Mi   Mi/Sol#  La   Mi/Sol#
Si   Do#m   La   Mi
Mi        Mi/Sol#
I'm not afraid
   La                Mi/Sol#
Of anything in this world
        Si                  Do#m
There's nothing you can throw at me
        La                Mi
That I haven't already heard
Mi                  Mi/Sol#
I'm just trying to find
   La         Mi/Sol#
A decent melody
   Si              Do#m
A song that I can sing
      La        Mi
In my own company
Riff 1
Do#m                        La
I never thought you were a fool

Fa#                   La
But darling, look at you
Riff 1
Do#m                  La                        Do#m
You gotta stand up straight, carry your own weight
                      Si
These tears are going nowhere baby
Mi   Mi/Sol#   La            Mi/Sol#
You got to get yourself together
        Si           Do#m               La        Mi
You've stuck in a moment and now you can't get out if it
Mi     Mi/Sol#     La          Mi/Sol#
Don't say that later will be better,
                  Dodim       Do#m
now you're stuck in a moment
         La        La           Mi
And you can't get out of it

Mi             Mi/Sol#
I will not forsake
     La              Mi/Sol#
The colors that you bring
         Si                    Do#m
But the night you filled with fireworks
      La                  Mi
They left you with nothing
Mi            Mi/Sol#
I am still enchanted
       La                   Mi/Sol#
By the light you brought to me
         Si                  Do#m
I still listen through your ears
       La              Mi
And through your eyes I can see
Riff 1
Do#m                  La
And you are such a fool
                  Riff 2
Fa#                 La
To worry like you do
Riff 1

```
Do#m           La
I know it's tough
                          Do#m
And you can never get enough
                            Si
Of what you don't really need now....my oh my
Mi   Mi/Sol#   La              Mi/Sol#
You got to get yourself together
        Si           Do#m
You've stuck in a moment
             La         Mi
And now you can't get out if it
Mi  Mi/Sol#  La           Mi
Oh love, look at you now
                     Dodim       Do#m
You've got yourself stuck in a moment
         La         Mi
and you can't get out of it
Fa#m
I was unconscious, half asleep
     La                                      Mi
The water was warm until you discover how deep....
Fa#m
I wasn't jumping....for me it was a fall
        La                            Re   Si
It's a long way down to nothing at all
Mi   Mi/Sol#   La              Mi/Sol#
You got to get yourself together
        Si           Do#m               La        Mi
You've stuck in a moment and now you can't get out if it
Mi     Mi/Sol#     La          Mi/Sol#
Don't say that later will be better,
                  Si          Do#m
now you're stuck in a moment
         La        Mi
And you can't get out of it
Mi    Mi/Sol#   La          Mi/Sol#
 And if the night runs over
Si    Do#m     La         Mi
 And if the day won't last
Mi    Mi/Sol#   La          Mi/Sol#
 And if our way should falter
Dodim  Do#m     La     Mi
 Along the stony pass
Mi    Mi/Sol#   La          Mi/Sol#
 And if the night runs over
Si    Do#m     La         Mi
 And if the day won't last
Mi    Mi/Sol#   La          Mi/Sol#
 And if our way should falter
Dodim  Do#m     La
 Along the stony pass
It's just a moment
                 Mi
This time will pass

Sibm Do#m  La
```
