Sim Fa#m Sol La
All my life I worshipped her
Sim Fa#m Sol La
Her golden voice, her beauties beat
Sim Fa#m Sol La
How she made us feel how she made me real

Sol Fa#m
And the ground beneath her feet
Sol La
And the ground beneath her feet

Sim Fa#m Sol La Sim
Now I can't be sure, be sure of anything
Fa#m Sol La Sim
Black is white and cold is heat
Fa#m Sol La Sim Fa#m
For what I worshipped stole my love away

Sol Fa#m
It was the ground beneath her feet
Sol La
It was the ground beneath her feet

Sim Fa#m Sol LA
Go lightly down your darkened way
Sim Fa#m Sol La
Go lightly on the ground
Sim Fa#m Sol LA
I'll be down there in another day
Sol La
I won't rest until your found

Sim
Let me love you
La
Let me rescue you
Sol La
Let me take where two roads meet
Sim
And I'll come back above
La Sol Fa#m
when there is only love
Sol Fa#m
Only love
Sol La
Only love
Sim
Only love
