U2 - Torn feat. Dolly Parton

```
Do
 Mm
Do
I can't deny this passion and desire
                                                          Sol
But I know it has to burn me standing this close to the fire
Fa            Sol                Lam          Fa
What am I supposed to do? And how am I supposed to choose?
                    Sol           Lam
I love 'em both and I just feel so torn
  Fa                 Sol           Do
I love 'em both and I just feel so torn
    Do
The glass that frames the picture cracked like ice
                                              Sol
The photograph remembers all that we now deny
     Fa                 Sol
When halfway seems too far to meet
     Lam                  Fa
And across the table too hard to reach
               Sol                        Do
Apples falling from the same tree can roll
Fa                Sol
Torn apart these loving hearts
     Do                  Fa
That beat and break the same
   Fa               Sol
We share a house divided
        Lam
And the blood that fills our veins
Fa                Sol
Brothers turn to strangers
    Do                Fa
And sons deny their name
    Fa          Do
Somebody loses either way
    Rem
And every heart is torn
Fa Sol    Do   Lam
   Ah, oh, oh
Fa Sol          Lam
   Ah, oh, oh
Fa           Sol      Do             Fa
Torn, torn, torn, torn (Torn, torn)
Lam      Do        Rem
  Every heart is torn
Do
Hands that used to hold you clenched in fists
                                            Sol
Words that used to soothe you cut you into bits
    Fa                  Sol              Lam                          Fa
Are you your brother's keeper now? Or know what you're fighting for?
Fa               Sol                  Do
Nothing hurts a mother more than a family at war
Fa                Sol
Torn apart these loving hearts
     Do                  Fa
That beat and break the same
   Fa               Sol
We share a house divided
        Lam
And the blood that fills our veins
Fa                Sol
Brothers turn to strangers
