U2 - You're the best thing about me

```
           Do#m                                Mi             Fa#
When you look so good, the pain in your face doesn't show
           Si       Do#m      Mi                      Fa#
When you look so good and baby, you don't even know
           Do#m                 Mi                           Fa#
When the world is ours but the world is not your kind of thing
                          Do#m               Mi         Fa#
Full of shooting stars, brighter as they're vanishing
                                          Do#m  Mi     Fa#
Oh you've seen enough to know it's children who teach
                                 Do#m      Mi          Fa#
You're still free enough to wake up on a bed or a beach
   Sol        Re

The best thing that ever happened a boy

Fa#                    Do#m        Mi         Fa#
I been crying out, "How bad can a good time be?»
                                 Do#m           Mi            Fa#
Shooting off my mouth, that's another great thing about me
                          Do#m        Mi          Fa#
I have everything but I feel like nothing at all
                                Do#m         Mi           Fa#
There's no risky thing for a man who's determined to fall
