The Weeknd - Call out my name

Mim Sim

```
               Mim
We found each other
              Sim
I helped you out of a broken place
            Mim
You gave me comfort
                Sim
But falling for you was my mistake

              Mim
I put you on top, I put you on top
                  Sim
I claimed you so proud and openly
                     Mim
And when times were rough, when times were rough
               Sim
I made sure I held you close to me

                Mim
So call out my name (call out my name)
             Sim
Call out my name when I kiss you
                           Mim
So gently, I want you to stay (want you to stay)
               Sim
I want you to stay even though you don't want me
                     Mim
Girl, why can't you wait (why can't you wait baby)
                     Sim
Girl, why can't you wait til' I fall out of love
                       Mim
Won't you call out my name
                   Sim
Girl, call out my name and I'll be on my way
                  Mim
I'll be on my--

                                              Sim
I said I didn't feel nothing baby, but I lied
                                            Mim
I almost cut a piece of myself for your life

Guess I was just another pitstop
          Sim
Til' you made up your mind

You just wasted my time
           Mim
You're on top

I put you on top
                  Sim
I claimed you so proud and openly, babe
                     Mim
And when times were rough, when times were rough
               Sim
I made sure I held you close to me

                Mim
So call out my name (call out my name baby)
             Sim
Call out my name when I kiss you
```

```
                          Mim
So gently, I want you to stay (I want you to stay)
               Sim
I want you to stay even though you don't want me
                     Mim
Girl, why can't you wait (Girl, why can't you wait til' I)
                     Sim
Girl, why can't you wait til' I fall out of love
                      Mim
Won't you call out my name (say call out my name baby)
                   Sim
Girl, call out my name and I'll be on my way
                         Mim
Girl, I'll be on my--

            Sim
On my way
      Mim   Sim
On my way
      Mim   Sim
On my way
      Mim   Sim
On my way
      Mim   Sim
On my way
```
