The Weeknd - Can't feel my face

```
Sol Fa Lam

      Sol
And I know she'll be the death of me
       Fa
at least we'll both be numb
           Lam
And she'll always get the best of me
the worst is yet to come
       Sol
But at least we'll both be beautiful
        Fa
and stay forever young
       Lam
This I know, (yeah) this I know

                    Sol       Fa
She told me, "Don't worry about it"
                     Lam
She told me, "Don't worry no more"
                Sol           Fa
We both knew we can't go without it
                    Lam
She told me you'll never be alone oh oh oooh

Sol                                    Fa
I can't feel my face when I'm with you,
         Lam
but I love it, but I love it
Sol                                    Fa
I can't feel my face when I'm with you,
          Lam
but I love it, but I love it

      Sol                                      Fa
And I know she'll be the death of me, at least we'll both be numb
           Lam
And she'll always get the best of me, the worst is yet to come
        Sol                     Fa
All the misery was necessary when we're deep in love
       Lam
This I know, yes I know, and I know

                    Sol       Fa
She told me, "Don't worry about it"
                     Lam
She told me, "Don't worry no more"
                Sol           Fa
We both knew we can't go without it
                    Lam
She told me you'll never be alone oh oh oooh

Sol                                    Fa
I can't feel my face when I'm with you,
         Lam
but I love it, but I love it
Sol                                    Fa
I can't feel my face when I'm with you,
          Lam
but I love it, but I love it
Sol                                    Fa
I can't feel my face when I'm with you,
         Lam
but I love it, but I love it
Sol                                    Fa
