The Weeknd - Earned It

```
Solm Rem

Solm                              Lam
You make it look like it's magic
Rem                                Solm
Cause I see nobody, nobody but you, you, you
Solm
I'm never confused
Rem
Hey, hey
Rem
I'm so used to being used
Solm
So I love when you call unexpected

Rem
Cause I hate when the moment's expected
                  Solm
So I'ma care for you, you, you
                Rem
I'ma care for you, you, you, you, yeah
                   Solm
Cause girl you're perfect
                Solm
You're always worth it
         Rem
And you deserve it
             Rem
The way you work it
                Solm
Cause girl you earned it
          Rem
Girl you earned it

Solm
You know our love would be tragic
Rem                                        Solm
So you don't pay it, don't pay it no mind
                  Solm
We live with no lies
Rem
Hey, hey
Rem
You're my favorite kind of night
Solm
So I love when you call unexpected

Rem
Cause I hate when the moment's expected
                  Solm
So I'ma care for you, you, you
                Rem
I'ma care for you, you, you, you, yeah
                   Solm
Cause girl you're perfect
                Solm
You're always worth it
         Rem
And you deserve it
             Rem
The way you work it
                Solm
Cause girl you earned it
          Rem
Girl you earned it
```

Solm
On that lonely night
Solm
You said it wouldn't be love
Rem
But we felt the rush
Rem   Solm
It made us believe it there was only us
Rem   Do   Sol   Fa
Convinced we were broken inside, inside

Rem Do Sim Sib
Cause girl you're perfect
Rem Do Sim Sib
You're always worth it
Rem Do Sim Sib
And you deserve it
Rem Do Sim Sib
The way you work it
Rem Do Sim Sib
Cause girl you earned it
Rem Do Sim Sib
Girl you earned it
