The Weeknd - In the night

```
Lam Sol Mim Fa

Rem Mim Rem Sol

Lam
All alone she was living
         Sol
In a world without an end or beginning
    Mim7
Babygirl was living life for the feeling
              Fa
But I don't mind, I don't mind
Lam
And all the wrongs she committed
         Sol
She was numb and she was so co-dependent
         Mim7
She was young and all she had was the city
             Fa
But I don't mind, I don't mind

      Fa/Sol                          Sol/La
And I know that she's capable of anything, it's riveting
    Rem7                              Rem7         Fa/Sol
But when you wake up she's always gone, gone, gone

Lam
In the night she hears him calling
Sol                                 Mim7
In the night she's dancing to relieve the pain
               Fa                                      Lam
She'll never walk away (I don't think you understand)
In the night when she comes crawling
Sol                                    Mim7
Dollar bills and tears keep falling down her face
               Fa
She'll never walk away (I don't think you understand)

Lam
He sang a song when he did it
         Sol
He was cold and he was so unforgiving
           Mim7
Now she dances to the song on the minute
               Fa
Yeah, all the time, all the time
Lam
It make her weak when she hear it
       Sol
And it got her on her knees like religion
         Mim7
She was young and she was forced to be a woman
               Fa
Yeah, all the time, all the time

      Fa/Sol                          Sol/La
And I know that she's capable of anything, it's riveting
    Rem7                              Rem7         Fa/Sol
But when you wake up she's always gone, gone, gone

Lam
In the night she hears him calling
Sol                                 Mim7
In the night she's dancing to relieve the pain

              Fa                                        Lam
She'll never walk away (I don't think you understand)
In the night when she comes crawling
Sol                                     Mim7
Dollar bills and tears keep falling down her face
              Fa                                         Lam
She'll never walk away (I don't think you understand)

                           Sol
(I don't think you understand)
                           Mim7
(I don't think you understand)
                                 Fa
(I don't think, i don't think, i don't think, i don't think)
                           Lam
I don't think you understand

N.C.
In the night she hears him calling
Sol                                  Mim7
In the night she's dancing to relieve the pain
              Fa                                        Lam
