Conchita Wurst - Heroes

```
Rem               Fa                    Do  Solm
I dreamt I was a queen in a crimson road
Rem             Fa                Do Solm
A lion with a crown of dust and gold
Rem                 Fa                      Do  Solm
Someone shut you down and your blood went cold
               Rem                 Fa        Do Solm
Baby can you wake up, baby can you wake up again

    Sib     Do Rem
So don't let go
Fa             Lam   Sib
We can be so beautiful
Sib           Do    Rem         Sib
Listening to the sound of silence

            Rem
So let the walls come down
       Fa                    Do Solm
And the colours light up the sky
                Sib                Rem       Do  Solm
We could be heroes, we could be heroes, tonight
                Rem                      Fa                      Do Solm
And when the hearts break loose and our love is like a battle cry
              Sib                   Rem        Do
We could be heroes, we could be heroes, tonight

Rem                 Fa                      Do Solm
I feel it like a surge running through my veins
Rem                 Fa             Do Solm
Just kiss me and revive this love again
Rem                       Fa           Do  Solm
We could be dancing in the eye of a hurricane
                  Rem                      Fa          Do Solm
They can never break us, they can never break us no more

    Sib     Do Rem
So don't let go
Fa             Lam   Sib
We can be so beautiful
Sib           Do    Rem         Sib
Listening to the sound of silence

            Rem
So let the walls come down
       Fa                    Do Solm
And the colours light up the sky
                Sib                Rem       Do  Solm
We could be heroes, we could be heroes, tonight
                Rem                      Fa                      Do Solm
And when the hearts break loose and our love is like a battle cry
              Sib                   Rem        Do
We could be heroes, we could be heroes, tonight

         Rem Fa Do Solm                      Sib Do
You and I            love is like a battle cry

Rem Fa Do Solm x2

           Rem           Fa                   Do  Solm
And we'll shine till our colours light up the sky
          Sib             Rem                Do Solm
And we'll dance to the sound of our battle cry
             Rem  Fa
We could be heroes
```

By TestoeAccordi.it

```
              Do  Solm
We could be heroes
                  Sib  Rem
We could be heroes
Do                 Rem Fa Do
Tonight, you and I
```
